INSTALLER CERTIFICATION APPLICATION FORM

Overview:

A Northern Power @ 100 Certified Installer (**NPCI**) can effectively execute the installation of a Northern Power 100 following procedures outlined in the W00308 NW Installation Instructions Document

The NPCI will meet the following criteria:

1. Has successfully completed the Installer Training Course
2. Has successfully completed at least two Northern Power 100 Installations
3. Has successfully completed all phases of the Northern Power 100 Installation

Phases which include:

- Unnesting Towers
 - Stacking Towers
 - Grouting Base Section
 - Setting Nacelle
 - Blade Pitching
 - Installing Hub and Blades
 - Lowering Tower Cable
 - Electrical Assembly
4. Has successfully completed all items that are outlined on the pre-commissioning checklists. (Installation Instructions Document Appendix A: Field Assembly Checklists – Sections 7.1 -7.4)

Northern Power 100 Experience:

You must list at least two installations to be eligible for certification, you may optionally list others

Experience	Dates	Location	Roles and Responsibilities	Installation Tasks you completed
Installer Training Course				
Northern Power Install One				
Northern Power Install Two				
Please Note you are required to complete at least two NW 100 before you apply for certification				
Northern Power Install Three (optional)				
Northern Power Install Four (optional)				
Northern Power Install Five (optional)				

Other Relevant Northern Power 100 Installation Experience:

Describe any relevant experiences you have that helped your team make sure the installation followed safety guidelines, was effectively organized, and on time and on budget:

Reference Letters:

Include a letter of reference from your employer or customers documenting your role installing the Northern Power 100. The reference letters need to include specifics on tasks that you completed in preparing for and during the installation.

List any professional certifications or licenses – you may hold that are relevant to a Northern Power 100 Installation – please include copies of them with this application.

Certifications or Licenses	Granted By	Expiration Date

Send completed application and supporting documentation to:
